

The Only GPS & Monitoring Solution Designed Specifically for Individuals with Special Needs

With all-day, uninterrupted monitoring, you know your loved one is safe. You see where they are at all times, and receive instant life-saving alerts if they wander away from safety. You can also hear how they're doing and what's happening in their surroundings, enabling you to protect them from bullying or mistreatment.

With AngelSense, caregivers gain immeasurable peace of mind, and device wearers gain the independence and confidence to move about more freely.

AngelCall

Talk to your child at any time, without them needing to "pick up" or click anything

Real-time Tracking

Know when your loved one is on the move and see their exact route in real time

Unknown Place Alert

Get an immediate alert if your child is in an unfamiliar and potentially dangerous place

Listen-In

Hear what's happening in the wearer's surroundings and make sure all is well

Indoor Search

Know what part of the school or shopping mall your child is in

Sensory Friendly Wearables

Attach device to clothing discreetly and securely

Runner Mode

Get GPS updates every 10 seconds with distance readings and exact directions

Late Departure Reminders

Get an alert if your child hasn't left school on time – ensure they're never left behind

Automatically Created Timeline View

See your child's timeline at a glance: locations, routes & transit speed

First Responder Emergency Alert

Send an immediate alert to a predefined group of trusted people and to first responders, alerting them to begin a search

Amy P. - Ben's Mom

“Wow, love this! Got two for my special needs boys. Great to know where they are, when they arrive, etc... Even tells you how fast the driver is going... peace of mind!”

“I love this device. I know exactly where my son is at all times when I am at work. I love the listening in feature where I can call it and hear what he is doing. Absolutely LOVE it!! and 100% recommend it to any parent of a special needs child.”

Tamara W. - Alex's Mom
